IAC-D-57/90
30 January 1958

Post-Mortem on NIE 42.1-58:

The Outlook for Stability in the Republic of Korea,

dated 28 January 1958

We believe that more comprehensive reporting on the following subjects would be particularly useful: (a) trends in popular opinion concerning relations with North Koreans; and (b) trends in covert North Korean agent activities and objectives. Trends in the loyalty of the military leadership to Rhee should be kept under scrutiny.
